BRINGING COMPUTERS TO LIFE

eSATA+USB Cable

eSATA+USB Male to Dual eSATA Power/Data Male

Model
325752

eSATA+USB meets demand for expanded capacities, speeds and convenience.

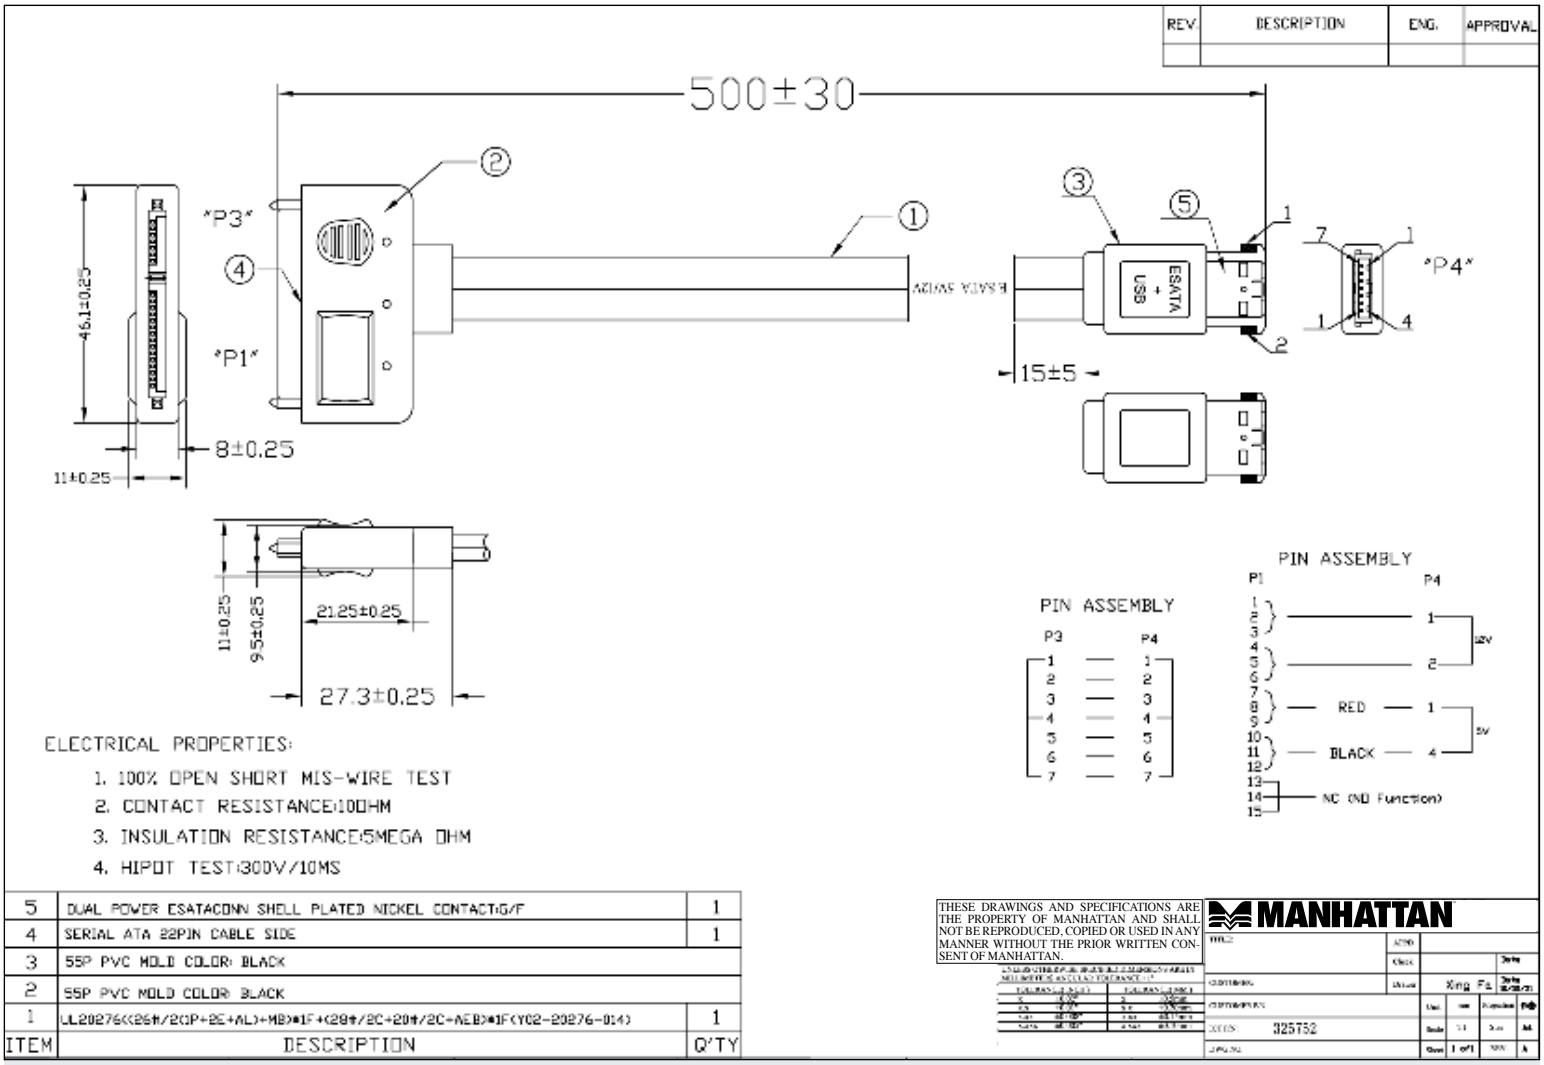
eSATA+USB combines eSATA performance with USB ease in a single connector that eliminates the need to carry a power adapter in some scenarios and keeps limited USB ports free to attach other peripherals. For use with newer computers equipped with an eSATA+USB port, the MANHATTAN® eSATA+USB Cable connects external SATA drives with a single-cable solution that simplifies connections with full eSATA data transfer speeds and 5 V to 12 V of power.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.

LIFETIME WARRANTY

Technical Drawing



Features

- eSATA+USB male to dual eSATA power/data male cable
- Supports full eSATA data transfer speeds and 5 V to 12 V of power
- Single-cable solution provides data transfer and power to connect SATA drives with eSATA+USB equipped systems
- Fully shielded to help reduce EMI and other interference sources
- Molded PVC boot
- Lifetime Warranty
